Quality.

terra legno welcomes you to the finest precision crafted wood flooring. For centuries wood has proven to be strong and enduring flooring. Introduce terra legno's innovative artisan's craftsmanship, a wood floor becomes luxurious and timeless. Craftsmanship is a commonly forgotten philosophy lost in today's high technology world. terra legno's manufacturing methods combine the old world artisan's passions and time tested wood working methods with today's innovative technologies. The terra legno difference is making the time to slow the design process down a little. Devoting the time to fully understand your design vision enables terra legno to create infinite edgy, contemporary, and traditional color pallets and textures beyond expectations. terra legno's experience and wood working knowledge ensure your masterpiece floor design is nothing short of perfection. Whether the project is residential or a commercial space, terra legno is dedicated to deliver your specified wood flooring on time and in budget.

Engineered Hardwood Flooring Grades

terra legno offers a variety of grades in wood making for a perfect design— transcending design elements from edgy and contemporary to traditional or rustic decors. terra legno's grades of wood range from a Prime Grade's cleaner sleek look to Vintage Grade's natural character looks.

Select Prime:
Slight variations of color in the heartwood to sapwood with sporadic mineral markings which can include small solids (filled knots).

Mixed Select:
Contrasting grain and color in heartwood to sapwood with distinct character markings of small to medium knots (filled) and mineral streaks).

Vintage:
Sharply contrasting grain and color variations in heartwood to sapwood with distinct medium to large knots (filled) and character markings.

Natura

Appreciate the understated beauty of wood in its most natural form. Natura's wide plank European Oak flooring pairs a refined, raw-wood aesthetic with subtle tones, authentic character, and a remarkably natural finish—creating a timeless foundation for contemporary and traditional interiors alike.

SPECIFICATIONS

Species:	European & North American White Oak
Grade:	Select Prime
Thickness:	5/8"
Width:	6 1/2"
Length:	60%+ 6 1/4' 40% 18"- 48"
Wear Layer	4 mm saw cut
Finish:	Neotech Bare
Edge:	Micro-Bevel 4-Sided
Packing/Box:	23.613 sf/ctn
Shade Variance:	Med to Low

Shade Variation: MED to LOW

Color Change: LOW

SHADE VARIATION & COLOR CHANGE

Shade Variance: Natural products like wood flooring have inherent color & shade variations. The degree of variation is related to the species and the grading.

Light Sensitivity: Wood flooring is light sensitive. Over time, the color of wood naturally changes when exposed to light. Natural UV light and direct sunlight results in the greatest amount of change. The lighting in the room can affect the color of the wood floor.

Reactive Stains & Light Sensitivity: Wood species with higher tannins, like European White Oak, finished with Reactive Stains inherently have a higher sensitivity to light and color change.

Solid Hardwood + 4mm Wear Layer

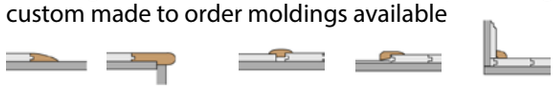

INSTALLATION

Methods: Staple/ nail down & glue assist, glue & staple/ nail down, glue down, staple & nail down, or float

Areas: On grade, below grade & above grade
For best results, wood floors installed by a wood flooring professional equal to an NWFA Certified Installer.

ADDITIONAL OPTIONS

Moldings: standard flush mount & overlap moldings, custom made to order moldings available

Stair treads & risers: 36", 42", 48", 60", 72". Heat vents with damper: drop-in and flush mount

WARRANTIES

Lifetime Structural Warranty
35 Year Residential Finish Warranty
5 Year Light Commercial Finish Warranty
3 Year Commercial Finish Warranty

Engineered by Design
Designed for Performance

Natura combines the authentic character of American and European Oak with performance engineered for today's interiors. Wide planks, long board lengths and a refined, natural-looking finish create a distinctly modern aesthetic, while Terra legno's engineered construction provides the stability and durability designed for everyday living.

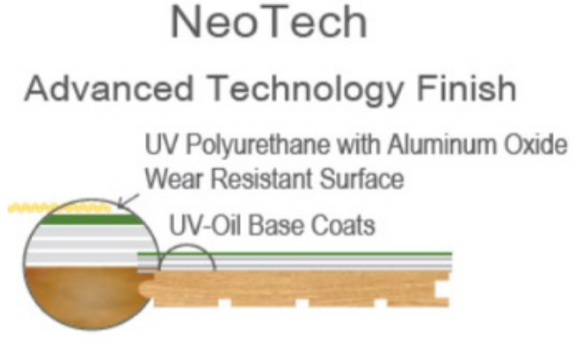

NATURA FINISH & WEAR LAYERS

Natura features Terra legno's proprietary NeoTech Bare finish, developed to preserve the authentic appearance and character of natural American and European Oak while providing the performance expected from a modern engineered wood floor. NeoTech Bare creates the look and feel of minimally finished wood, allowing the grain, texture and natural variation of the oak to remain visually prominent without the heavy appearance associated with traditional surface coatings. The result is a refined, low-sheen surface with the warmth and character of raw wood.

Designed for today's interiors and everyday living, NeoTech Bare combines Natura's understated aesthetic with durable surface protection and easy maintenance. The finish complements Natura's carefully selected tones and wide-plank construction, creating a floor that feels natural and quietly sophisticated while delivering the stability, wear resistance and lasting performance that define Terra legno engineered wood flooring.

NATURA FEATURES AND BENEFITS

Not all engineered wood flooring is of equal quality. terra legno's Natura collection of European and American Oaks is suitable for commercial and residential use in high-traffic areas, including mixed-use multi-unit residential, hotels, retail stores, restaurants, museums, and public spaces.

Natura Features:

- 35-year Residential Wear Warranty
- 5-year Light Commercial Wear Warranty
- 3-year Commercial Wear Warranty
- Low maintenance
- For best results, "prep and recoat" as needed to maintain optimum appearance
- Renewable: Prep & Re-coat or Re-sand if needed
- No formaldehyde
- CARB 2 Compliant
- FSC on Request
- Stair Treads & Risers
- StairMax Stair Nose
- Standard and Custom Made Moldings
